Certificate Course – Reiki Care of Life Threatening Illness

You are invited to join me in a Reiki course for Level 2 onwards trained Reiki Practitioners and learn in a class environment how to practise your skill set of providing Reiki for the very ill and palliative client. Reiki is becoming recognised globally as a useful and healthy adjunct to the medical care in all types of health situations. In particular, Reiki is a soothing therapy for the palliative, seriously ill and traumatised client. It has been shown to assist with acceptance, finding courage, connecting with pure universal love and also providing a sense of security and safety.

It can be confronting dealing with very ill people, medical equipment, health staff and all the tumultuous emotions surrounding these situations for clients and families. Our aim is to provide a safe place for you to become confident in giving Reiki care in any setting whether home, aged care, respite care, or in hospital settings.

With over 40 years' nursing experience combined with studies in natural therapy, this fully mentored program will give you confidence in your ability to provide Reiki with professionalism and a better understanding of the medical world.

Over a two day weekend course we will cover:

Overview of life threatening illnesses, introduction to healthcare facilities, legal talk, Reiki skills in a medical environment, compassionate detachment and debriefing, equipment awareness; and so much more...

Details: Saturday and Sunday 16th and 17th May - 09.30am -5.00pm
Hampton Park, SE Suburb of Melbourne (tbc)
Pre-requisite: Reiki Level 2

Cost: \$570.00 - Includes course, lunches, manual, mentoring and certificate.
